

John Wiggins

John has lived for over 30 years in the Seymour Blueridge area and, with the help of his wife Connie, has managed to raise three children to adulthood. During this journey, John has experienced the great outdoors including hiking, biking, skiing, and golf along with using the various local recreation centres for such things as childcare, fitness, and other services they offer. John has a strong corporate and finance background holding various senior positions in private, public, government and not-for-profit sectors. He has a BScBA from the University of Akron Ohio and a CPA accounting designation. Over the years, John has volunteered in various fund raising events and has served as a board member for five years with a local Boy Scout, Cub and Beaver pack. With a strong knowledge of the not-for-profit sector along with experience in finance, budgeting and financial planning, John is hoping to assist the Society with the challenges it faces as it moves forward.
