Youth D&D Sponsorship

What:

Parkgate Youth Services' Dungeons & Dragons program has become a valued part of our community. More than a game, it's provided youth with a welcoming space to build friendships and develop skills like teamwork, communication, and problem-solving. For the past five years, it's helped young people connect through creativity and shared passion.

Why:

With rising costs, limited funding, and growing demand, we're reassessing how to keep the program accessible and well-supported. To continue, we need trained staff who understand both youth work and D&D so they can guide players and ensure every young person feels included and supported.

Who:

We're looking for individuals or organizations to sponsor a full campaign, support a single player, or contribute through a general donation. Every bit of support helps us maintain this one-of-a-kind experience for local youth.

Campaign Sponsor:

A Campaign Sponsorship of \$540 supports six youth for a three-week campaign. It covers food, equipment, and one skilled staff member. Sponsors receive a donation receipt, recognition in our newsletter, and a mention on our website and select materials.

Player Sponsor:

A Player Sponsorship of \$90 supports one youth for a three-week campaign, covering food and equipment. Sponsors receive a donation receipt.

General Donations:

General donations help cover overall costs like staffing, materials, and snacks. Donations of \$25 or more receive a charitable receipt.

Thank you for helping us keep this unique and impactful program running. Your support means more youth can enjoy a space where imagination, belonging, and adventure thrive.
