

Julia Figas

CPA, Compensation Operations • Grew up in Parkgate

Julia grew up in the Parkgate community, attending St. Pius X Elementary and spending much of her time volunteering at, and attending, various Parkgate community events. She looks forward to contributing to the Board of Directors to ensure future generations can benefit from the wonderful Parkgate programs and services as she has.

Julia completed her BCom at the UBC Sauder School of Business and is a CPA who has worked at Ernst & Young for a number of years. Having since transitioned her career from accounting into the field of compensation, she now specializes in Compensation Operations.

In her free time, Julia enjoys attending various workout classes across the Lower Mainland, travelling to visit her extended family in Europe, and exploring new walking trails.
