

Zachary McKnight

Account Executive, software • Grew up in Blueridge

Zach is a remote Account Executive for a Silicon Valley software company. Zach's family moved from Ontario to the Blueridge area in 2004. Zach attended Blueridge Elementary and Windsor Secondary. He met one of his oldest friends at a Parkgate Community Centre program and got his first job at Mount Seymour Ski Resort during a job fair hosted by Parkgate. Zach joined the Board of Directors to help make sure the community continues to have access to the same programs and facilities that he enjoyed.

Zach currently lives in Vancouver and regularly comes to the Parkgate area to visit friends and family and enjoy the North Shore. He has a BA in Economics from the University of Victoria. Zach leads fundraising efforts every year at his company and sits on various panels, including career growth and new-hire training. He hopes to encourage the next generation of youth to join the technology industry in Vancouver! In his free time, Zach enjoys golfing, scuba diving, and bike riding.
